PROFESSIONAL SUMMARY

Data Analyst / Business Analyst with hands-on experience in SQL, Python (Pandas, NumPy), Excel, Power BI, and Tableau. Skilled in data cleaning, transformation, and visualization to deliver data-driven insights. Adept at identifying trends, patterns, and business opportunities through interactive dashboard creation and statistical analysis. Seeking to leverage strong analytical thinking and problem-solving skills to support stakeholder decision-making.

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy)

Databases: MySQL — SQL (JOINS, aggregations, subqueries)

Data Visualization & BI Tools: Power BI, Tableau

Tools: Excel (Pivot Tables, VLOOKUP, Charts, Dashboards)

Concepts: Data Analysis, Data Cleaning, ETL Basics, Basic Statistics, Business Intelligence, Stakeholder Reporting

PROJECTS

Movie Industry Data Analysis | MySQL, Power BI

Analyzed a dataset of 5,000+ movie records using MySQL and Power BI to identify trends and performance insights.

- Wrote complex SQL queries (JOINS, aggregations) to process and extract insights from large datasets efficiently.
- Built 2+ interactive Power BI dashboards to visualize box office trends, ratings, and audience behavior patterns.
- Identified top-performing genres, actors, and revenue patterns, improving analysis efficiency by ~25%.
- Delivered actionable insights through structured data visualization, enabling data-driven decision-making.

HR Analytics Dashboard | Excel

Performed HR analytics on employee data of 200+ records using Excel to analyze workforce trends.

- Cleaned and organized HR datasets using advanced Excel functions, formulas, and data transformation techniques.
- Created pivot tables and dynamic charts to analyze employee attrition rates and performance metrics across departments.
- Identified key factors affecting employee retention across departments, informing HR strategy and workforce planning.
- Improved reporting accuracy and decision-making efficiency through structured Excel-based dashboards.

CERTIFICATIONS

- Google Data Analytics Certificate (Coursera) — In Progress
- HackerRank SQL Certificate (Basic / Intermediate) — Completed
- Microsoft Power BI Data Analyst (PL-300) — In Progress

EDUCATION

Bachelor of Engineering (B.E.)

Moodlakatte Institute of Technology, Kundapura | Currently Pursuing — 3rd Year (2022–2026)

Relevant Coursework: Database Management Systems, Statistics, Data Structures, Data Analytics
